

2006 South Australian Winegrape Utilisation and Pricing Survey

Phylloxera and Grape Industry Board of South Australia

ACKNOWLEDGEMENTS

The production of this survey has been coordinated and funded by the Phylloxera and Grape Industry Board of South Australia. Some additional funding is provided by the Grape and Wine Research and Development Corporation, as part of the National Utilisation and Pricing Survey project.

The publication of this survey is made possible through the support of the South Australian and interstate wineries who processed fruit from South Australian vineyards in 2006. The information is provided voluntarily by wineries on the understanding and assurance that information from individual wineries will be kept strictly confidential. Only aggregate responses are reported. Draft results are checked by regional industry representatives. Vintage reports have been provided by the regional representatives or their local committees. Particular thanks go to: Tom Ayers, Pete Balnaves, Peter Bird, Jim Caddy, Greg Koch, Robin Nettelbeck, John Pargeter, Craig Richards, Alex Sass, Kirsty Waller, David Watkins and Martin Wirper.

The survey publication is available on the Board's website www.phylloxera.com.au. The state summary and regional reports can be downloaded as PDF files. Previous reports (since 2000) are also available on the website, and hard copies of reports from previous years back to 1998 are available from the Board's office.

DISCLAIMER

While every effort is made to ensure the accuracy and integrity of the information reported in this document, no responsibility is taken for any errors or omissions. The Phylloxera and Grape Industry Board of South Australia expressly disclaims any liability for the accuracy and sufficiency of the information, and in no circumstances shall it be held liable for the consequences of decisions, actions, assumptions and interpretations made by those who use the information contained within the report.

DOCUMENT STRUCTURE AND LAYOUT

The survey report has been structured as a series of 15 separate PDF files. There are 14 regional reports, covering the major declared GI regions in South Australia, and a state summary section with aggregate data, forecasts by variety and historical comparisons. A hard copy, combining all the separate reports, has not been published in 2006 due to budget constraints.

INTERPRETATION OF REPORT INFORMATION

Please refer to the **EXPLANATIONS AND DEFINITIONS** for definitions, limitations and interpretations of different statistics reported.
