

PESTS COST US ALL

Are pests impacting your vineyard?

- ✓ Do you have African Love Grass or Rabbits impacting your vineyard?
- ✓ Would you like to learn more from national experts on the latest management options for controlling African Love Grass and Rabbits?
- ✓ Let's make a difference and work together to protect our vineyards from pests

Come to this **Free** farm 'walk and talk'!

Join Keynote Speaker, Associate Professor Jennifer Firn from Queensland's University of Technology, as she shares her international experience working hands on with farmers to manage African Love Grass.

Also hear from leading rabbit specialists on the impact of the latest strain of rabbit calicivirus, and why now is the time to act to manage rabbits.
